

# Kahlia & Luke

A tale of lovers intertwined, Kahlia and Luke initially met at a house party in high school before reconnecting years later at a nightclub. Eight years after their reunion, Luke proposed to Kahlia at her surprise thirtieth birthday party during speeches in front of the couple's friends and family. The pair found the wedding planning process stressful given the tumultuous environment regarding COVID-19, but with plenty of planning and inspiration, the couple gathered eighty-two of their nearest and dearest for the celebrations. A pastel pink and white colour scheme gave the day an effortlessly ethereal vibe; visible throughout Sweet Floral's divine arrangements and the bridesmaid's dresses which were a gorgeous light pink. Kahlia looked exquisite in a stunning 'princess style' strapless ivory gown and Luke looked dashing in a suave navy suit paired with brown shoes. The reception was held at the beautiful Pagoda Resort & Spa, who made everything run smoothly – nothing was too much trouble for the talented team who ensured the ballroom reception space looked beautiful. Seeking to continue the celebrations and bask in their newly married bliss, the couple booked a gorgeous chalet on a large property overlooking a lake in the Margaret River.

"Go with your gut feeling and try not to let anything get to you. Just try to enjoy the whole experience as best as you can as it does not last long enough!"
